Penn State University, Greater Allegheny

- MATH 110: Techniques of Calculus I (Gaydos)

An openly licensed applied calculus textbook, covering derivatives, integrals, and an intro to multivariable calculus.
2: The Derivative

3: The Integral

4: Functions of Two Variables

Back Matter

Math 140: Calculus 1 (Gaydos)

Front Matter

1: Functions and Graphs

2: Limits

3: Derivatives

4: Applications of Derivatives

5: Integration

6: Appendices
